Sub: Stopping of outsourcing of mobile CAF warehousing reg.

Respected Sir,

It is bring to your kind notice that BSNL outsourcing mobile CAF warehousing to M/s Intense Technologies Ltd, the role of the said firm is only to scan and preserve in the server. But BSNL is responsible to collect all the CAFs in the required format , correction in CAFs needs to be done if any and then all the CAFs are to be brought the centralized scan centre which will be only at one or two places in each circle. For only scanning and preserving in the server BSNL needs to pay Rs 3 to 5 per CAF. The Issue is the vendor is asking all the CAFs in which some numbers are inactive. Let us take the instance of Karnataka the total numbers of mobile numbers available in HLR is 70 lakhs which includes working numbers , Grace period 1 and grace period 2 and disconnected less than three years. But the vendor asking CAFs of all for which we may have to unnecessarily pay nearly Rs 3 x 70 lakhs = Rs 2.1 Cr. If we calculate it for entire BSNL it may be in terms of hundreds of crores of rupees. If the scanner machine and server with higher capacity is provided then this work can be executed by our own staff with data security also and we can save hundreds of crores of rupees to BSNL under the days of Crisis.

Kindly look in to the matter and intervene with the CO and ensure that this preserving of CAFs to be done by our staff only.

Thanking you,

Yours faithfully,

S P Jagadale
