General Secretary,  
SNEA CHQ Newdelhi.

Respected Com GS,

Sub: The Backstabbing and Opportunistic Acts of Administration and other Associations.

At last, the rays of hopes of promotion are appearing because of the untiring efforts of SNEA under your leadership. We are at the knocking doors of the CPSU and hurdles one after another are getting cleared with regard to our regular methods of DPC etc.,

It is at this juncture again the management is hell bent to divide us and once again one section has proved its loyalty to the magic of management. It is for this reason that day by day their strength is diminishing and only because you have tried to take them together, they in the little lights.

But, your honest and sober efforts will carry the mantle of SNEA a long way in the coming days. We most heartily congratulate the LDCE SDEs for the orders being now released. These are all our strong members of SNEA and any effort of those opportunists to inflict lies is not going to be in any ways affect our LDCE brothers. Our LDCE brothers are matured enough to understand this game plan and several LDCE successful members of SNEA have condemned those opportunists and messaged us that they will; with full of their might fight for the struggle of SCF promotions. We must appreciate the spirit of these comrades as against the opportunist divisive forces.

At the same time our aspirant SCF members waiting for 2 decades have congratulated all the LDCE SDEs through several messages and shown their solidarity. In this way they have proved again that we are all one as strong bonding stones of SNEA.

However, the present challenge forced by management to divide us by not issuing the SCF promotions either in the name of not handling the legal case properly, timely and at the same time delaying the CPSU in one or the other name has forced us to take a tough stand. They are challenging this strong force of 23000 executives by simply postponing our legitimate rights of Standard Pay Scales and also promotions beyond all reasonableness. Comrade, GS are they are testing your gentleness and underestimating your 23000 strong brigades? Probably they have given all justification for SNEA to launch a very strong fight

which can be commenced without any hesitation as the management is completely responsible for all these issues.

**We from Karnataka demand either the SCF promotions immediately from JTO to SDE, SDE to DE or total STRIKE NOTICE.**

Yours Comradesly,

S P Jagadale,  
Circle Secretary
